

BLINK SOLAR

Nordic rack-mounted battery cabinet manufacturer

Overview

Who is Nordic batteries?

At Nordic Batteries we assemble and manufacture customized battery- and energy storage solutions to drive your business forward. Based on our market and technological expertise we deliver solutions powering the green shift for key industries. High energy battery module produced in Norway from norwegian battery cells.

What are external battery racks & cabinet design encasing solutions?

Our External Battery Racks and Cabinet design encasing solutions are a premium brand that offer industry-standard features in custom design measurements at competitive pricing. They can accommodate various combinations of Batteries, up to maximum number of strings for complete battery ranges.

Who makes energy storage enclosures?

Machan offers comprehensive solutions for the manufacture of energy storage enclosures. We have extensive manufacturing experience covering services such as battery enclosures, grid energy storage systems, server cabinets and other sheet metal enclosure OEM services.

What is a battery rack made of?

Made with welded heavy-gauge steel construction, our battery backup cabinets and battery racks are made to last and designed with options to give your facility a unified look. We offer multiple battery racks with different configurations, including both rack mount and cube layout units. Either option can be custom configured.
