# **Norwegian Solar Container Wind-Resistant Installment Payment**

## Overview

---

Should Norway tender acreage for floating wind farms?

The latter approved Norway's proposal to tender acreage suitable for floating wind farms at Utsira Nord in April. Floating wind turbines are deemed particularly suitable for greater water depths where fixing the foundation into the seabed is not possible.

Is Norway launching a floating wind tender?

(Reporting by Nora Buli and Louise Rasmussen, editing by Stine Jacobsen, Kirsten Donovan) Norway has launched the first part of its long-awaited inaugural floating wind tender, offering subsidies to the winners despite the challenges faced by the offshore wind industry.

Does Norway have a bottom-fixed offshore wind farm?

Norway awarded a first bottom-fixed offshore wind farm licence in 2024 but will focus solely on floating wind farm development when it next announces new tenders. (Reporting by Nora Buli and Louise Rasmussen, editing by Stine Jacobsen, Kirsten Donovan).

What is Ocean Sun's floating solar installation?

The floating solar installation promises to revolutionize the resort's energy infrastructure and Island communities. Ocean Sun's patented membrane technology has been proven in diverse conditions, from harsh North Sea waters to tropical reservoirs, setting new standards for floating solar durability and performance.
