# On grid hybrid solar inverter in Bangladesh

## Overview

---

What is on-grid solar system in Bangladesh?

on-grid solar system in Bangladesh or the grid-tied solar system is connected to the electrical grid, therefore, it can draw energy from both solar panels and the electrical grid. This system is the most common type. It uses a common solar inverter. The excess energy that you generate is exported to the grid for use elsewhere.

How much is solar IPS inverter in Bangladesh?

The price of a solar IPS inverter in Bangladesh starts from 15,000 Taka to more than 1 lakh Taka depending on the power requirement and the number of appliances you plan to run with it. In some cases, the price also depends on the brand due to differences in quality.

Why is the price of solar inverter so low in Bangladesh?

The price of a solar inverter in Bangladesh is relatively low due to the development of technology. In some cases, the price may also depend on the brand, as better quality inverters may cost more.
