Outdoor power station factory in Ethiopia

Overview

Are there power stations in Ethiopia?

This page lists power stations in Ethiopia, both integrated with the national power grid but also isolated ones. Due to the quickly developing demand for electricity in Ethiopia, operational power plants are listed as well as those under construction and also proposed ones likely to be built within a number of years.

Where is a 90 MW thermal power plant located in Addis Ababa?

Plans include a 90 MW thermal power plant. It is to be located about 530 Kms away from Addis Ababa in Oromiya Regional State, Illubabor Zone, Yayo Woreda. In 2015, a contract was signed with China-based Shandong Runh Power Plant Engineering Technology to build the coal plant.

Where is Ethiopia's first chemical fertilizer factory located?

State-owned military-industrial conglomerate Metal and Engineering Corporation (METEC) of Ethiopia signed an agreement in 2011 to build the country's first chemical fertilizer production factory. Plans include a 90 MW thermal power plant. It is to be located about 530 Kms away from Addis Ababa in Oromiya Regional State, Illubabor Zone, Yayo Woreda.
