

**BLINK SOLAR**

# **Panama Colon Independent Hybrid FM Power Station**

## Overview

---

Built by AES Corporation's Gas Natural Atlantico the project will include the construction of a 350 MW combined-cycle natural gas-fired plant with a 10-year power purchase agreement, and a 180,000 cbm LNG storage tank and regasification facility, to supply gas to the plant. When will Cobre Panama start generating electricity?

As of April 2016, the Cobre Panama project was 40% complete, with the \$600 million, 300MW coal-fired power plant slated to begin generating electricity in mid-2017 and full mining operations scheduled to commence in 2018. Excess power generated by the plant will be sold to the Panamanian government to supply neighboring communities.

Where is AES colon power station?

AES Colón power station (Termoeléctrica Colón) is an operating power station of at least 381-megawatts (MW) in Isla Telfers, Colón, Panama. It is also known as Costa Norte Gas. The map below shows the exact location of the power station. Your browser is not compatible with Google Maps v3. Unit-level coordinates (WGS 84):.

Where is Cobre Panamá Power Station?

Cobre Panamá power station (Central termoeléctrica Cobre Panamá) is an operating power station of at least 306-megawatts (MW) in Punta Rincón, Coclé del Norte, Donoso, Colón, Panama with multiple units, some of which are not currently operating. It is also known as PACO power station. The map below shows the exact location of the power station.

What is Cobre Panamá?

Part of the Global Coal Plant Tracker, a Global Energy Monitor project. Cobre Panamá power station (Central termoeléctrica Cobre Panamá) is an operating power station of at least 306-megawatts (MW) in Punta Rincón, Coclé del Norte, Donoso, Colón, Panama with multiple units, some of which are not currently operating.

## Panama Colon Independent Hybrid FM Power Station

---

### Cobre (Copper) Panama Power Station

Minera Panama requires the construction of a 300-320 megawatt power plant known as the Cobre Panama Power Station which is a two-unit coal fired power plant to sustain ...

### Cobre Panamá power station

Cobre Panamá power station (Central termoeléctrica Cobre Panamá) is a mothballed power station in Punta Rincón, Coclé del Norte, Donoso, Colón, Panama. It is also ...

### The 100MW/50.43MWh independent hybrid frequency

...

The project plans to construct a 100 MW/50.43 MWh hybrid energy storage independent peak shaving and frequency regulation energy storage power station, using ...

## AES acquires full stake in 381-MW Panama LNG-fired power ...

Global power generation utility owner AES is acquiring the remaining half of its liquefied natural gas power plant operation in Panama. The Virginia-based AES acquired 49.9 ...
