Paris Solar Energy Storage Field

ESS

Overview

What is Paris solar?

Overview: Paris Solar Farm, LLC (Paris Solar) is proposing a (PV) solar electric generating facility capable of generating approximately 200 MW of AC power, in the Town of Paris, Kenosha County, Wisconsin.

What is the Paris Solar Farm?

The Paris Solar Farm is a 200 megawatt (MW) solar development in Kenosha County, WI. It is an opportunity to invest in the community, create jobs, and increase tax revenues while generating clean, American made energy.

Will Paris solar sell the project?

Paris Solar has stated that they intend to either; sell the electrical output of the project to customers pursuant to one or more agreements, or alternatively, they will sell some or all of the project to one or more Wisconsin public utilities, with Paris Solar remaining as the builder and operator of the project.
