Port of Spain New Energy Battery Cabinet After-sales

Overview

Will Spain introduce a capacity market?

Spain has approved plans to introduce a capacity market. The grid operator in Spain, “Red Eléctrica de España”, would establish this, and would secure capacity five years and one year in advance, similar to the capacity market contracts seen in Great Britain.

What revenue streams are available to battery energy storage systems?

Revenue Streams: The wholesale and ancillary service market (comprising over 5 revenue streams) is available to battery energy storage systems. Spain has approved plans to introduce a capacity market.

What is the electricity market in Iberia?

Electricity Market in Iberia Spain and Portugal are coupled through the Iberian Grid, also known as MIBEL (The Iberian Electricity Market/El Mercado Iberico de la Electricidad). Spain is relatively isolated from other markets and has a limited import/export ability to France, Portugal, and Morocco. Revenue Streams
