Portable Power Bank Black

Overview

How many Mah does a power bank hold?

Holds 20000mAh - enough for up to 7 charges. Fast charge: faster than standard charging, for when time is of the essence. Pass through charge enabled - allows you to safely charge the power bank and a device at the same time. 6 hours recharge time. Cable length - 0.15m. USB-A to USB-C cable. 3 USB outputs.

How many devices can a max power bank charge?

With a 20W output from its USB-C Port and a further 18W from its USB-A ports, it charges an average phone from 0-50% in only 30 minutes and holds 7 full charges. The Max Power Bank allows you to charge 3 devices at once. So, if you have a friend (or two) in need they can have a boost whilst you all charge up.

How does the Anker nano power bank work?

Experience the convenience of portable charging with the Anker Nano Power Bank, featuring a built-in USB-C cable for effortless connectivity. With a 10,000mAh capacity and 30W bi-directional fast charging, power up your devices or the bank itself in record time.
