Power storage systems factory in Calcutta

Overview

Where is Tesla's new energy storage megafactory located?

Tesla's new energy storage Megafactory in Lin-gang Special Area – a part of the China (Shanghai) Pilot Free Trade Zone – went into operation on Feb 11, with the factory's first Megapack battery system rolling off the production line.

How much money does a Megapack energy storage project cost?

Covering about 200,000 square meters, the new energy storage project involved a total investment of 1.45 billion yuan (\$200 million). Up to 10,000 Megapack storage units are scheduled to be produced there annually.

Where is the New Cossipore Generating Station located?

The project will be placed in the New Cossipore Generating Station, the location of which is 28, Jheel Road, Kolkata -700002. The developer to be chosen will undertake the project under the model of Build, Own, Operate, and Transfer (BOOT). Once the agreement term is over, CESC will take over the project at a meager price of INR 1.

Did Tesla ship a Megapack energy storage system to Australia?

An aerial view of the Tesla Shanghai Megafactory. [Photo/Shanghai Observer] US electric vehicle maker Tesla shipped Megapack energy storage systems from its Megafactory in Shanghai's Lin-gang Special Area to Australia on March 21, according to the company.
