# Quad circuit breaker in China in London

## Overview

---

Who makes low voltage circuit breakers in China?

One of the most renowned national producers and exporters of low voltage circuit breakers in China, Shanghai Dada Electric Co., Ltd, was established in 1986. This organization has taken the lead when it comes to using the ISO9001 Quality Management System.

Does Wenzhou manufacture circuit breakers?

Wenzhou can import and export on its own, increasing its market in Southeast Asia, the Middle East, Europe, and other regions. Some of their products include miniature circuit breakers, residual current circuit breakers, molded case circuit breakers, and others. Circuit Breaker is available from this company.

What are the parts of a Taixi circuit breaker?

With its quick manufacturing and break-and-free trip features, this product comprises four parts: the working mechanism, insulating case, tripping device, and contact system. TAIXI Electric Co., LTD is a company established in 2002. In addition to Circuit Breakers, this company produces switches, conductors, and other electronic products.

What are circuit breakers used for?

Our circuit breakers are equipped with the world's most advanced automatic production line, featuring an annual capacity of 60,000 units. Products are used in a variety of industries, including nuclear power plants, power plants, substations, urban and rural power grids, petrochemical, metallurgy, railways, and ports.
