

**BLINK SOLAR**

# **Russian quality solar container battery brand**

## Overview

---

Why is Russia a good place to buy a battery?

Russia is a country with a large number of battery manufacturers that play an important role in the global energy industry. From electric vehicle manufacturers to solar energy companies, these companies are constantly innovating to develop more efficient and environmentally friendly batteries.

Is AvtoVAZ a top 10 battery manufacturer in Russia?

With support from investors and the government, AvtoVAZ is continuing to innovate in the field of batteries and becoming as one of the top 10 battery manufacturers in Russia. The company's ambition is to deliver electric cars with more efficient, fast-charging and long-lasting batteries.

Where can I buy a gel battery in Russia?

GEL battery technology is being introduced into production. AKOM is the main supplier of the battery to the Russian market - more than 50% of all supplies, and 70% of all exports of the industry from Russia. The dealer network consists of 100 partners in all regions of Russia, 36 more - in the CIS countries, South-East Asia and Western Europe.

Why is Liotech expanding its market in Russia?

With increasing attention to green energy, the company is looking to expand their market not only in Russia but also in other countries looking to switch to more sustainable energy sources. Liotech produces lithium-ion batteries and is considered as one of the top 10 battery manufacturers in Russia.
