Shanghai Electric Power Energy Storage Equipment

Overview

Who is Shanghai Electric Power Generation group?

For more than 60 years, Shanghai Electric Power Generation Group has been fully dedicated to improving energy production efficiency of thermal, nuclear, wind, and solar energy, which has formed the most complete product lines in production, conversion, storage, transmission and electric power quality management of renewable energy.

Why is Shanghai Electric a leading power plant equipment supplier?

In response to the global climate change, Shanghai Electric as one of the world leading power plant equipment suppliers, has actively developed the emerging industries such as solar power generation, seawater desalination, energy storage equipment, air cooled equipment, dust-cleaning apparatus, electric drive, etc.

Why should you choose Shanghai Electric?

Shanghai Electric relies on its comprehensive equipment advantages and actively lays out multi-energy storage solutions of molten salt, compressed air, pumped storage, lithium-ion battery, liquid flow, flywheel, etc.

What is EP Shanghai?

With over 38 years of successful experience, EP Shanghai now spans 86,000 square meters, hosting 2,000+ global exhibitors and brands. It is recognized as the must-attend annual event for professionals in power transmission, energy storage, renewable energy, and intelligent manufacturing sectors.
