Sodium Battery Energy Storage Company

Overview

Are sodium-ion batteries the future of energy storage?

With companies like NextThing Technologies, Faradion, AMTE Power, and Natron Energy leading advancements, sodium-ion technology is set to redefine energy storage. The industry is moving toward scalable, safe, and cost-efficient battery solutions, making sodium-ion batteries a cornerstone of future energy infrastructure.

Are sodium ion batteries sustainable?

A study has shown that a sodium-ion battery scores well over a lithium-ion battery and a solid-state battery in terms of price, safety, and sustainability. Except for energy density and charging time, sodium-ion batteries have stood out as the most efficient and sustainable batteries for electric mobility.

What is a sodium battery?

Sodium battery companies specialize in developing energy storage systems using sodium-ion technology as a cost-effective, sustainable alternative to lithium-ion batteries. Key players include Faradion (UK), Tiamat (France), HiNa Battery Technology (China), Natron Energy (US), and Altris AB (Sweden).

Where are sodium ion batteries made?

In 2025, Tiamat plans to build a sodium-ion battery production plant with an annual output of 5 GWh in Amiens, France, producing sodium-ion batteries for supplying data centers, small appliances, and electric vehicles. BYD, established in 1995, is one of the top sodium ion battery companies in China.

Sodium Battery Energy Storage Company

Global Top 10 Sodium-ion Battery Manufacturers [2025]

Here are the world's leading sodium-ion battery manufacturers (listed alphabetically): 1.1. Altris AB Altris AB is revolutionizing the energy storage industry with its innovative sodium ...

Top 18 Sodium-Ion Battery Manufacturers 2024: CATL, ...

Global Sodium-Ion Battery Manufacturing: Strategic Leaders Reshaping the \$30B Energy Storage Revolution As lithium-ion batteries face critical supply chain vulnerabilities and ...

12 V 10 AH

Sodium Ion Battery Companies: Top 8 to Watch in 2025

Explore the top 8 sodium battery manufacturers and sodium-ion battery companies to find advanced sodium-ion battery technology in the market.

Top 10 Sodium Battery Manufacturers in the World

Sodium battery emerges as a promising alternative to traditional batteries. Because of the demand for sustainable energy solutions, manufacturers started to produce sodium ion ...

Sodium Battery Storage Manufacturers Leading the Future of Energy

One example is Shanghai Huijue Technology Group, a global player in renewable energy and smart energy storage systems. Building on years of expertise in lithium-ion storage ...

Global Top 10 Sodium-ion Battery Manufacturers [2025]

Explore how sodium-ion and sodium-sulfur batteries are reshaping energy storage -- key listed companies, growth outlook, and investor insights.

Sodium-Based Batteries: Top Public Companies & Trends

Explore how sodium-ion and sodium-

sulfur batteries are reshaping energy storage -- key listed companies, growth outlook, and investor insights.

Top Sodium-Ion Battery Manufacturers Powering 2025 Energy ...

Altris is collaborating with Clarios for automotive applications and Polarium for stationary storage, expanding its reach across Europe. The company's focus on safety, ...

What Are the Leading Sodium Battery Companies in 2025?

Sodium battery companies specialize in developing energy storage systems using sodium-ion technology as a cost-effective, sustainable alternative to lithium-ion batteries. Key players ...
