Overview

Why is the solar PV glass market growing?

Government rules that are favorable to the development of solar PV plants is one of the factors driving the growth of the solar PV glass market. Additionally, the market for solar PV glass is growing due to the surge in demand for solar systems on a residential, commercial, and utility scale.

How big is the Solar Photovoltaic Glass market?

Image © Mordor Intelligence. Reuse requires attribution under CC BY 4.0. The solar photovoltaic glass market size reached 32.10 million tons in 2025 and is forecast to reach 74.75 million tons by 2030, advancing at an 18.42% CAGR between 2025 and 2030.

Why are solar glass suppliers investing in new production capacity?

As PV module capacity increases, glass suppliers are investing in new solar glass production capacity. New facilities are popping up in North America, with unique features to ensure competitiveness, such as using recycled material.

What is solar glass?

Solar glass is a specific kind of glass that is intended to collect and produce solar energy. It is sometimes referred to as photovoltaic glass or solar PV glass. It is utilized in many solar applications, particularly solar panels and building-integrated photovoltaics (BIPV).

Solar glass is in full production

US, Canada ramp up solar glass plans

With PV module capacity ramping up, glass suppliers have been investing in new solar glass production capacity. As in India and China, new facilities are popping up in North ...

Solar PV Glass Market Size, 2025-2034 Trends Report

Industry TrendsMarket by TechnologyMarket by ProductMarket by End UseMarket by RegionCompetitive Market ShareAnnealed solar PV glass demand was over 300 million square meters in 2016 and is estimated to grow considerably from 2016 to 2024. This can be attributed to cost competitiveness, easy manufacturing process and easy availability of the product. These products are not heat strengthened and delivers easy cutting, edging, machining and polishing of the See more on gminsights TaiyangNews

Low Solar Glass Prices Pull Down Xinyi Solar's FY2024 Net ...

A decrease in the average selling price (ASP), along with the impairment

provisions for certain solar glass production facilities and inventory write-downs, are the major reasons for ...

Solar PV Glass Market Size, 2025-2034 Trends Report

The solar PV glass market size crossed USD 53.5 billion in 2024 and is estimated to grow at a CAGR of 7.9% from 2025 to 2034, driven by the significant increase in solar installations due ...

Solar Photovoltaic Glass Market Size, Share Analysis

The Solar Photovoltaic Glass Market is expected to reach 32.10 million tons in 2025 and grow at a CAGR of 18.42% to reach 74.75 million tons by 2030. Xinyi Solar Holdings ...

Big Chinese Solar Glass Makers Confirm Output Cuts Amid ...

Solar glass businesses and their industry associations recently held a series of meetings to discuss production capacity cuts, an executive at Shenzhen-based Zhuzhou ...

Photovoltaic glass leaders: collectively reduce production by ...

Recently, China's photovoltaic glass market has received important news. In order to deal with the current imbalance between supply and demand and overcapacity in the ...
