# **Solar power station in China in Philippines**

## Overview

---

Terra Solar Philippines, Inc., a unit of SP New Energy Corp. (SPNEC), announced that it had granted an Engineering, Procurement, and Construction (EPC) deal with China Energy Engineering Group Co., Ltd. (Energy China) for the world's largest contiguous solar and battery power plant in the Philippines. Will China build world's largest solar power plant in the Philippines?

Manila Bulletin Business Energy China to build world's largest solar power plant in the Philippines.

Will Terra become the largest integrated photovoltaic power station in Southeast Asia?

This project marks a significant milestone as Terra is poised to become the largest integrated photovoltaic and energy storage power station in Southeast Asia.

Did Terra solar partner with energy China?

In a disclosure to the Philippine Stock Exchange on Tuesday, Nov. 19, SPNEC said Terra Solar partnered with Energy China.

What will Terra solar's EPC contract mean for energy China?

Terra Solar added that the EPC contract would also have Energy China develop a specialized training program for local teams and collaborate with stakeholders for the integration of the project into the grid.
