## INTEGRATED DESIGN

EASY TO TRANSPORT AND INSTALL,  
FLEXIBLE DEPLOYMENT

## Overview

---

Who makes solar water pump?

Established in 2014, LARENS is one of the leading solar water pump manufacturers in China. High efficiency intelligent MPPT controller makes pump start and stop working automatically. Permanent magnet DC brushless motor, efficiency improved by 20~30%. Longer use life than normal electrical AC pump motor. NewsSolar energy is the future.

What is a solar well pump used for?

Beyond the listed uses, solar well pumps find application in a multitude of areas, including: Residential water supply: Ensure a steady flow of clean water for your home. Community water projects: Provide sustainable water access to remote communities. Environmental restoration: Support ecosystem revitalization efforts.

How do solar well pumps work?

Revolutionize Your Water Pumping with Sustainable Solar Well Pumps! Harness the power of the sun with our high-performance solar-powered deep well pumps. Our advanced MPPT inverters efficiently convert solar energy into electricity, driving the pump's motor to continuously extract water from depths reaching hundreds of meters.

Who is Feili water pump?

Feili is a factory dedicated to water treatment and solar pumps, with a strong focus on markets in Southeast Asia, Africa, and China. In addition to solar pumps, their product range includes solar lights, aerators, submersible pumps, and sewage pumps.
