Spanish cylindrical solar container lithium battery factory

Overview

What is happening in Spain's lithium-ion battery market?

The Spain lithium-ion battery market is entering a new stage of rapid development. The Zaragoza plant of global automotive giant Stellantis is partnering with CATL, the world's largest EV battery manufacturer, to expand electric vehicle production and build a large-scale battery manufacturing facility in Spain.

Will CATL and Stellantis reshape Europe's Lithium-ion battery market?

If finalized, the joint venture between CATL and Stellantis in Spain will reshape the Spain lithium-ion battery market, further integrating the European EV ecosystem. For CATL, this would add another overseas plant to its growing global footprint.

Will Spain be a leader in Europe's Lithium-ion battery industry?

Although Stellantis has not yet made a final decision, the Spanish government is actively pushing forward the project, aiming to anchor Spain as a strategic leader in the Europe lithium-ion battery industry. A Stellantis spokesperson confirmed that the project remains subject to regulatory approval but welcomed the government's support. 2.

How much money will Spain spend on Stellantis' battery plant?

On October 8, Spain's Minister of Industry and Tourism, Jordi Hereu, announced that the government has allocated €133 million in subsidies to support Stellantis' proposed battery manufacturing plant near Zaragoza. The project, developed in partnership with CATL, is expected to attract nearly €2.5 billion (19.3 billion yuan) in investment.

Spanish cylindrical solar container lithium battery factory

Stellantis and CATL to Invest Up to EUR4.1 ...

AMSTERDAM, Decem- Stellantis and CATL today announced they have reached an agreement to invest up to EUR4.1 billion to form a joint ...

Stellantis and CATL to build LFP battery ...

Stellantis and CATL have finalized an agreement to establish a joint venture for the construction of a major lithium iron phosphate (LFP) ...

Stellantis and CATL will establish a large battery factory in Spain

Bitauto News, December 10th - Stellantis Group and Contemporary Amperex Technology Co. Limited (CATL) announced today that they have reached an agreement to invest up to 4.1 ...

CATL, Stellantis break ground on EUR4.1 billion Spanish battery ...

Key highlights o Carbon neutrality: The plant is designed to operate as a carbon-neutral lithium battery facility. o Technology advancement: It will use advanced ...

Stellantis and CATL to build major EV battery factory in Spain

The plant, projected to start production in 2026, will manufacture lithium iron phosphate (LFP) batteries, a key component in the green transition of Europe's automotive ...

Stellantis & CATL Invest US\$4.43bn LFP Battery Plant

In a groundbreaking collaboration, Stellantis and CATL have announced plans to invest up to US\$4.43bn in a joint venture to establish a state-of-the-art lithium iron phosphate ...

Stellantis and CATL to Invest Up to EUR4.1 Billion in Joint

Stellantis and CATL today announced they have reached an agreement to

invest up to EUR4.1 billion to form a joint venture that will build a large-scale European lithium iron ...

Stellantis and CATL to Build EUR4.1B Lifepo4 Battery Plant in Spain

New Battery Facility in Zaragoza: Stellantis and CATL will establish a lithium iron phosphate (LFP) battery plant at Stellantis' site in Zaragoza, Spain. Production Timeline: ...

CATL and Stellantis Unveil EUR4.1 Billion Battery Gigafactory in Spain...

Conclusion The collaboration between CATL and Stellantis to establish a EUR4.1 billion lithium iron phosphate (LFP) battery factory in Zaragoza, Spain, represents a ...

Stellantis and CATL to Invest Up to EUR4.1 Billion in Joint ...

AMSTERDAM, Decem- Stellantis and CATL today announced they have

reached an agreement to invest up to EUR4.1 billion to form a joint venture that will build a large-scale ...

Stellantis and CATL to build LFP battery factory in Spain

Stellantis and CATL have finalized an agreement to establish a joint venture for the construction of a major lithium iron phosphate (LFP) battery factory in Zaragoza, Spain. The ...

Stellantis and CATL to build major EV battery ...

The plant, projected to start production in 2026, will manufacture lithium iron phosphate (LFP) batteries, a key component in ...

CATL and Stellantis Unveil EUR4.1 Billion Battery ...

Conclusion The collaboration between CATL and Stellantis to establish a EUR4.1

billion lithium iron phosphate (LFP)
battery factory in ...

CATL-Stellantis Joint LFP Factory To Boosting Battery Market

CATL and Stellantis launch a battery plant in Spain with EUR133M subsidy, creating 3,000 jobs and reshaping the Spain lithium-ion battery market.

Stellantis & CATL Invest US\$4.43bn LFP ...

In a groundbreaking collaboration, Stellantis and CATL have announced plans to invest up to US\$4.43bn in a joint venture to establish ...
