# Swiss commercial energy storage equipment

## Overview

---

Which energy storage projects have been commissioned in Switzerland?

Axpo commissioned its BESS in February this year while utility Thurplus commissioned a 3MW system in September last year. But Switzerland was the location for one of the largest energy storage projects commissioned in recent years, a 20GWh pumped hydro energy storage (PHES) unit which started operations in June 2022 in the Canton of Valais.

Where is the largest battery storage system in Switzerland?

In Kappel, in the canton of Solothurn, one of the largest battery storage systems in Switzerland is currently under construction, with a total capacity of 65 megawatt-hours. The successful delivery of all system components marks a key milestone on the path to commissioning. Primeo Energie will use our storage system to provide energy flexibility.

Where is the gravity energy storage system based?

The research and development of the gravity energy storage system has been based in Ticino and operational since 2019 with its own R&D centre. The commercial demonstration unit has been connected to the Swiss national utility grid and used for two years of testing and software commissioning.

Is MW storage the country's largest battery storage project?

MW Storage is a developer of BESS projects which is also active in the German market, with a 100MW/200MWh project underway that it claimed is the country's largest. The inauguration ceremony for the BESS project. Image: EWS AG. EWS AG and MW Storage have expanded a battery storage project in Switzerland to 28MW, making it the country's largest.

## Swiss commercial energy storage equipment

---

### Swiss start-up uses gravity to store electricity

Tokyo (SCCIJ) - The young Swiss company Energy Vault has developed and built the first commercial battery storage system for electricity based on gravity. Such systems are ...

### Switzerland: EWS and MW Storage expand battery unit to ...

The project in Ingenbohl, Switzerland. Image: EWS AG. Utility EWS AG and developer MW Storage have completed the expansion of a battery energy storage system ...

### Energy Vault builds energy storage systems for Schindler ...

Lugano/Ebikon/Wettingen - Schindler Aufzüge and Energie Wettingen are the first two Swiss clients of the high-tech B-VAULT FlexGrid energy storage system developed by ...

## Swiss commercial energy storage devices

Overview Based on current scientific knowledge, leading Swiss researchers consider that where large amounts of energy need to be stored for the medium to long-term, ...

## 10 Top Energy Storage Companies in Switzerland · ...

Detailed info and reviews on 10 top Energy Storage companies and startups in Switzerland in 2025. Get the latest updates on their products, jobs, funding, investors, ...

## Giant gravity batteries for storage of renewable energies

The research and development of the gravity energy storage system has been based in Ticino and operational since 2019 with its own R& D centre. The commercial ...

## The Swiss Corporate Electricity Storage Sector: Powering ...

A Swiss pharmaceutical giant laughs in

the face of energy price spikes while its German competitors sweat through another volatile trading day. This isn't fantasy - it's the ...

---

## Switzerland Energy Storage System Market (2025-2031)

The Switzerland energy storage system market is experiencing significant growth driven by factors such as increasing renewable energy integration, grid stability requirements, and ...

## Top Long Duration Energy Storage Companies in Switzerland

Leclanché SA specializes in advanced energy storage solutions, focusing on lithium-ion technology. Their expertise in developing customized battery systems enhances grid stability ...

---

## Large-scale battery for Switzerland: 65 megawatt hours of ...

We are delighted to be taking a significant step in the Swiss energy transition together with Primeo Energie. In Kappel, in the canton of Solothurn, we will install one of the largest battery ...
