Swiss flexible solar panels

Overview

Who makes Swiss solar modules?

SSWISS GROUP AG manufactures high-quality solar modules and is leading and globally active technology company. SWISS solar modules are engineered in Switzerland and meet the highest quality standards . As an internationally recognized premium brand.

What are flexible solar panels?

Flexible solar panels are only a fraction of the width of standard solar panels. Not only does this allow them to shape to bent structures, such as a curved RV or boat top, but it also makes flexible solar panels quite lightweight and easy to install on your own. One of the biggest drawbacks of standard solar panels is the upfront expense.

Why should you choose Swiss Solar AG?

The state of the art design of solar the packaging and solar modules makes the product emotionally attractive to the most demanding customers. Stylish packaging sets the product apart from other producers. To be part of SWISS SOLAR AG is to always be ahead.
