

BLINK SOLAR

Tanzania generator container manufacturer

Overview

Who is African power machinery (TZ) Ltd?

African Power Machinery (TZ) Ltd is a limited liability company that specializes in creative energy solutions, effective supply chain management, logistics, consultation, service and maintenance support. African Power Machinery (Tz) Ltd is a leading supplier and maintenance provider of all types of generators, related accessories and parts.

What is a containerised generator?

Our Containerised Generators deliver robust, high-capacity power from 300–3,000 kVA in secure, weather-resistant enclosures. Designed for challenging environments and critical applications, they offer noise reduction, easy transport, and bespoke configuration to meet your site's exact needs.

What is an electrical generator?

Electrical generators are pieces of critical power equipment that provide electricity when power from the power grid is unavailable. Interestingly enough, generators don't actually create electricity.

Can you put a generator in a container?

Generators can be put into containers. There are a number of benefits to doing this including: Easier transportation and installation making them ideal for temporary or remote applications. They are more secure as typically they are lockable which prevents unauthorised access. Do I need to service my power system?

Put simply, yes.
