

**BLINK SOLAR**

# **Tender Quotation for Folding Containers Used in Wastewater Treatment Plants**

## Overview

---

For small scale commercial wastewater treatment applications, we preinstall all treatment modules (processes) inside a single container. The complete treatment process including primary settlement, secondary.

What is a containerized wastewater treatment plant?

A containerized wastewater treatment plant is a wastewater treatment system that is fully integrated into a container. For uncomplicated and fast transportation, we use 10, 20 and 40-foot shipping containers in accordance with the international ISO standard for our KLARO container systems.

Why should you bid for waste treatment plant construction tenders?

Bidding for waste treatment plant construction tenders is extremely lucrative for companies of all sizes. Tendering authorities and private companies release thousands of contracts worth millions for procurement of waste treatment plant construction. Global Tenders stands out as the largest platform dedicated to tenders and government contracts.

What is a clearfox® containerized wastewater treatment plant?

ClearFox® containerized wastewater treatment plants offer a highly cost-efficient solution with low capital and operating expenses, as they require no extensive planning, civil works or permanent buildings. The system only needs to be placed on a solid base and connected.

What is an intelligent containerised waste water treatment plant?

Intelligent containerised waste water treatment plants are ready to use immediately on delivery. A containerised portable waste water treatment plant gives clients the option to relocate it onsite or easily transport it to new sites as necessary.
