# Thailand new energy solar container lithium battery pack

## Overview

---

Could a sodium-ion battery be a new business opportunity in Thailand?

The Federation of Thai Industries' Renewable Energy Industry Club sees potential in sodium-ion battery (SIB) production as an alternative to lithium-ion batteries. SIBs, made from rock salt, could offer a new business opportunity given Thailand's abundant rock salt reserves.

What is Thailand's 2024 Power Development Plan?

Thailand's 2024 power development plan (PDP) aims to increase renewable energy use, highlighting the importance of BESS alongside solar panels and wind turbines. This could create new business opportunities for entrepreneurs if prices decrease or new technologies emerge for stationary batteries.

Will a new energy vehicle be installed in Thailand?

Bulk deliveries of products from the plant have begun, and will soon be installed in a number of new energy vehicle (NEV) models in Thailand under Great Wall Motor's Ora, Tank, and Haval brands, as well as Hozon New Energy Automobile's models, it said. Hozon is the parent company of Neta Auto.

What is svolt energy's LctP battery pack?

On Decem, Svolt Energy said it saw the first battery pack come off the line at its Thailand plant. The battery pack is Svolt Energy's LCTP battery pack with a capacity of 60 kWh, providing a CLTC range of up to 500 km. The pack is based on lithium iron phosphate chemistry and utilizes Svolt Energy's L600 series cells.
