Who is Bangkok solar?

In addition to designing, manufacturing, and selling commercial-scale solar-powered LED lighting systems, Bangkok Solar Co., Ltd. offers outdoor signage and lighting systems for applications such as outdoor shelters, parking lots, pathways, streets, and pedestrian areas. Bangkok Solar Co., Ltd. began as an environmental technology company in 2004.

Why should you choose a solar street light company?

Due to the off-grid design of the lights, most of their clients save several thousand dollars from day one on their projects. Solar light towers, solar signage, solar street lights, portable lighting systems, and solar street lighting are some of the services they provide.

Are solar street lights reliable?

Solar street lights from this company have impressed the solar lighting industry with their reliability for 30 years. In addition to off-grid solar power solutions, the company produces and engineers solar lighting solutions that include LED lights and on-grid street lighting.
