Timor-Leste portable power supply recommendation

Overview

What voltage is used in Timor Leste?

In Timor Leste, power plugs and sockets (outlets) of type C, type E, type F and type I are used. The standard voltage is 220 V at a frequency of 50 Hz. Timor-Leste, also known as East Timor, is a small island nation in Southeast Asia.

What power plugs do I need for Timor-Leste?

Discover the power plug requirements for Timor-Leste - choose a versatile universal adapter for types C, E, F, and I. Stay connected on your trip!.

What type of plug does Timor Leste use?

Timor Leste uses a standard voltage of 220 volts and a frequency of 50 Hz. The country utilizes four different plug types: C, E, F, and I. Plug type C features two round pins, while plug type E, also known as the "Schuko" plug, has two round pins with two earth clips on the side. Plug type F is similar to type C but also includes two earth clips.

What is the supply voltage in East Timor?

In East Timor the supply voltage is 220V. If the appliance is a single voltage rated appliance, it will need to operate at the same voltage as the supply voltage of the country i.e. 220V. If this is not the case it should be used alongside a voltage transformer or converter to allow the appliance to work safely and properly.
