

BLINK SOLAR

Two 700vh solar container lithium battery packs

Overview

How much power does Envision's new battery system deliver?

Their latest system, equipped with 700 Ah lithium iron phosphate batteries from AESC (in which Envision has a major stake), delivers more than 8 MWh, exceeding prior achievements.

What are CELLPAC Lite power packs?

CellPac LITE power packs are fitted with an electronic protective switch and additional overcurrent protection. They comply with the requirements of UL 1642 safety standard. Customers are provided with a ready-to-use battery solution, including all necessary accessories.

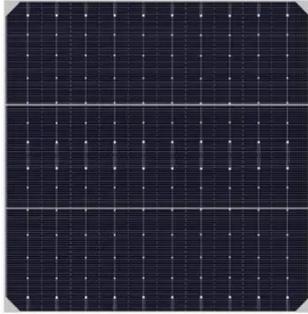

What are the best lithium-ion battery solutions?

The perfect lithium-ion battery solutions. Customised lithium-ion battery packs for handheld devices up to large industrial equipment. Semi-customised lithium-ion battery packs for handheld electronics devices. Off-the-shelf lithium-ion battery packs for handheld electronics.

Are CELLPAC lithium batteries UL 2054 & 62133 certified?

Battery designs are of limited complexity, but available at minimal NRE cost and with minimal development effort. The wide range of our state-of-the-art CellPac LITE battery packs includes batteries with UL 2054 and IEC 62133 certifications, thereby significantly reducing the design-in cost and time-to-market for our customers.
