# Which companies have energy storage power stations in Latvia

## Overview

---

Where is the first battery energy storage system in Latvia?

On November 1 Latvia's largest wind energy producer Utilitas Wind opened the first utility-scale battery energy storage battery system in Latvia with a total power of 10 MW and capacity of 20 MWh in Targale, Ventspils region.

Which energy sources are used in Latvia?

Latvia has underground gas storage facilities at the Inčukalns UGS, with a capacity of 4.47 billion m<sup>3</sup>. Natural gas companies include Latvijas Gāze. Renewable energy includes wind, solar, biomass and geothermal energy sources. Almost half of the electricity used in the country is provided by renewable energy sources.

Who manages the electricity grid in Latvia?

The electricity grid in Latvia, however, is primarily managed by Sadales tīkls, the largest distribution system operator that serves 99% of the country's territory. Both public and private energy companies, such as AST and Latvenergo, participate in the sector.

How many power stations are there in Latvia?

This article lists all power stations in Latvia. Additional to the three major hydroelectric plants, there are approximately 150-160 operational hydroelectric plants with capacity below 5 MW each. There are 19 operational wind farms in Latvia with capacity above 0.25 MW and 18 wind farms with capacity below 0.25 MW.

## Which companies have energy storage power stations in Latvia

---

### Latvenergo Accelerates Energy Storage with 250 MW Target ...

Latvenergo, Latvia's leading energy company, plans to install 250 megawatts (MW) of energy storage capacity by 2030. This ambitious target is part of a broader strategy to ...

### Latvenergo Accelerates Energy Storage with ...

Latvenergo, Latvia's leading energy company, plans to install 250 megawatts (MW) of energy storage capacity by 2030. This ambitious ...

### Large-scale battery storage for a stable ...

Rolls-Royce has received an order from the Latvian transmission system operator Augstsprieguma tīkls (AST) to supply a ...

## Energy infrastructure in Latvia

Municipalities take charge of the planning and permitting processes for renewable energy and storage initiatives along with ...

## Energy infrastructure in Latvia

Municipalities take charge of the planning and permitting processes for renewable energy and storage initiatives along with collaboration with private companies to set up small ...

## 28 Top Energy Companies in Latvia - December 2025 , F6S

Detailed info and reviews on 28 top Energy companies and startups in Latvia in 2025. Get the latest updates on their products, jobs, funding, investors, founders and more.

## Latvian Power Storage Solutions Innovations Driving Sustainable Energy

Latvian power storage manufacturers

are reshaping Europe's renewable energy landscape with cutting-edge battery systems and grid stabilization technologies. Discover how these solutions ...

---

## Utilitas inaugurates 10-MW battery in Latvia

Estonian renewable power and heat producer Utilitas has inaugurated the first utility-scale battery energy storage system (BESS) in ...

---

## Latvia's largest battery energy storage system ...

The largest energy storage battery system will provide energy storage to transfer the generated electricity to users when there is a ...

---

## Hoymiles Powers Latvia's Largest Energy Storage Project at ...

T?rgale, Latvia -- On Novem, T?rgale Wind Park held its grand opening,

unveiling Latvia's first major energy storage facility. Hoymiles, as a key technology ...

### Utilitas inaugurates 10-MW battery in Latvia , Energy Storage ...

Estonian renewable power and heat producer Utilitas has inaugurated the first utility-scale battery energy storage system (BESS) in Latvia, a 10-MW/20-MWh facility.

### Latvia's largest battery energy storage system unveiled

The largest energy storage battery system will provide energy storage to transfer the generated electricity to users when there is a shortage in the electricity system. The ...

### Hoymiles powers Latvia's largest energy ...

Hoymiles has announced the completion of Latvia's first major energy storage

facility, in which it has played a pivotal role. The T?rgale ...

---

## Top Companies Driving Energy Storage Innovation in Latvia ...

SunContainer Innovations - Latvian energy storage projects are gaining momentum as the country accelerates its transition to renewable energy. This article explores key players, emerging ...

---

## Hoymiles powers Latvia's largest energy storage project

Hoymiles has announced the completion of Latvia's first major energy storage facility, in which it has played a pivotal role. The T?rgale wind park, managed by Utilitas, the ...

---

## Large-scale battery storage for a stable Latvian power grid

Rolls-Royce has received an order from the Latvian transmission system

operator Augstsprieguma tikls (AST) to supply a large-scale mtu battery storage system to secure the ...
